SUMMARY

Motivated second-year Computer Science Engineering student at Sona College of Technology with strong academic performance (8.81 CGPA). Proficient in Java, Python, and C with hands-on project experience. Completed 10+ online courses including NASSCOM and Infosys Springboard courses.

TECHNICAL SKILLS

Java	VS code	Oracle(SQLplus)
Python	Git	JDBC
C	GitHub	Apache Tomcat
HTML,CSS ,JS	Eclipse	React

PROJECTS

Sentiment Analysis of Comments **Aug 2025**

- Built Python application using NLP techniques to analyse sentiment
- Achieved 75% accuracy in classifying comments as positive/negative/neutral
- Created basic visualization of sentiment results

To-Do List Application **Jan 2026**

- https://sandhiya18stsh-ctrl.github.io/todo-list-project/

Personal portfolio website **Dec 2025**

- Designed personal website using HTML and CSS
- Hosted on GitHub pages https://sandhiya18stsh-ctrl.github.io/my-portfolio/

EcoWatt AI **May 2026**

- Developed an AI-powered energy management platform to monitor and optimize electricity usage.
- GitHub: github.com/sandhiya18stsh-ctrl/energysmart-hub

Shadow Net **Jun 2026**

- Developed a digital footprint analysis platform that helps users discover and analyze their digital twin across online platforms.
- GitHub: https://github.com/sandhiya18stsh-ctrl/ShadowNet-AI

Nova AI **Jun 2026**

- Built an AI-powered virtual assistant capable of generating intelligent responses and automating user interactions.
- GitHub: https://github.com/sandhiya18stsh-ctrl/Nova-AI

EDUCATION

Sona College of Technology **2024-2028**

Bachelor of Engineering in Computer Science and Engineering

Current CGPA: 8.81/10

Sri Sarada matric higher secondary school for girls **2023-2024**
Percentage: 88.5%

Golden Spark school, salem **2021-2022**
Percentage: 90.6

ACHIEVEMENTS

- Paper presentation – Presented technical paper at college symposium (2026)
- SIH – Participated for the project (Sentiment analysis of Comments)
- Completed 10+ Online certifications across Java, Python, JDBC
- Completed a NPTEL course (Digital Thinking – A primer)[Elite]
- Got an academic excellence award in 2024–2025
- Completed a NPTEL course(Fundamentals of object oriented programming) [Elite+Silver]

CERTIFICATIONS & COURSES

- NASSCOM Digital 101 (30 Hours)| NASSCOM| 2026
- Data Visualization Course| NASSCOM |2026
- Python Foundation Certification| Infosys Springboard| 2025
- Basics of Python |Infosys Springboard| 2025
- JDBC Course| Infosys Springboard| 2025
- TechA python foundation certification |Infosys Springboard | 2026
- Communication Skills| Infosys Springboard| 2026
- Time Management |Infosys Springboard |2026
- Python Clean Coding| Infosys Springboard|2026

ADDITIONAL INFORMATION

- Languages: English (Conversational), Tamil (Native)
- Interests: Problem Solving, Java Development, Reading Tech Blogs
- Soft Skills: Quick Learner, Team Collaboration, Time Management, Adaptability
- Internship Preference: Full Stack Devloper, Python Developer, Software Engineer Intern

INTERNSHIP EXPERIENCE

Full Stack Development Intern — Tech Forge
[May-June] – [2026]

- Developed responsive web applications using HTML, CSS, JavaScript, and React
- Built frontend user interfacecwith reusable and interactive components
- Worked on backend development and API integration
- Implemented database operations for storing and retrieving application data
- Improved website responsiveness, performance, and user experience
- Collaborated with developers to test, debug, and deploy web applications
- Technologies: HTML, CSS, JavaScript, React, Node.js, Git, GitHub
